## Security and Campus Safety Personnel

The Department of Security and Campus Safety serves two colleges on a combined campus. Security and Campus Safety is comprised of a Director, a Sergeant, five Officers, two hourly Officers, two full-time Dispatchers and one hourly Dispatcher.

The Security and Safety Officers have the authority to ask persons for identification and to determine whether individuals have lawful business on our campus. Security and Safety Officers have the authority to issue traffic tickets, which are billed through each institution. Security and Safety Officers do not possess arrest power. Criminal incidents are referred to the local police, who have jurisdiction on the campus. The Department of Security and Campus Safety maintains a highly professional working relationship with the Bothell Police Department. All crime victims and witnesses are strongly encouraged to immediately report the crime to the Department of Security and Campus Safety and the appropriate police agency. Prompt reporting will ensure timely warning notices on-campus and timely disclosure of crime statistics.

If you are the victim of a crime and do not want to pursue action within the University of Washington Bothell/Cascadia Community College or criminal justice system, you may still want to consider making a confidential report. With your permission, the Security and Campus Safety Director or a designee can file a report on the details of the incident without revealing your identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With such information, we can keep accurate records of the number of incidents involving students, staff and faculty, determine patterns in location, method, or subjects, and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crime statistics.

## Timely Warnings

In the event that a situation arises either on or off campus that, in the judgment of the Security and Campus Safety Director, constitutes an ongoing or continuous threat, a campus “timely warning” will be issued.

Depending on the particular circumstances of the crime, especially in situations that could pose an immediate threat to the community and individuals, the Security and Campus Safety Department may employ a number of different mechanisms to notify the campus of the threat.

Anyone with information warranting a timely warning should report the circumstances to the Security and Campus Safety Department by phone (425) 352-5222, or in person at the LB2 building on the south end of campus.

## Sexual Assault Prevention and Response

Our campus is committed to providing its students with an environment conducive to the pursuit of knowledge. Admission to the institutions on this campus carries with it the presumption that students will conduct themselves as responsible members of the community, refraining from actions that would endanger the health, welfare or safety of others. Conduct constituting a sexual offense, whether forcible or nonforcible, will not be tolerated. Students committing sexual offenses in any form can be prosecuted under the Washington State criminal statutes and/or subject to disciplinary action under the Student Conduct Codes (WAC 478-120-010-145) (WAC 132Z-115-090).

The Washington State Criminal Code (RCW 9A) defines rape as engaging in sexual intercourse with another person by forcible compulsion; or when the victim is incapable of consent by reason of being physically helpless or mentally incapacitated (e.g., when the victim has consumed alcohol and/or other drugs, either voluntarily or involuntarily); or when the victim does not consent to sexual intercourse with the perpetrator and such lack of consent was expressed by the victim’s words or conduct.

In some instances the victim may know the assailant and often does not realize the incident meets the legal definition of rape. The definition of sexual assault is not limited to rape, and may include other acts as defined in RCW 9A. A sexual assault may involve any unwanted touching with a sexual motivation.

Acquaintance rape may fall into any of the following categories: First or second degree rape, Class A felonies punishable under the Washington State Criminal Code by up to life in prison and/or a \$50,000 fine; third-degree, Class C felony punishable by up to five years in prison and/or a \$10,000 fine.

When they occur on campus, rape and other forcible or nonforcible sex offenses also violate the Student Conduct Code and may result in a variety of disciplinary actions, including suspension or permanent dismissal from the college. In cases involving an alleged sexual offense, the accuser and the accused have the same right to have others present during a disciplinary hearing. Both the accuser and accused shall be informed of the outcome of any campus disciplinary proceeding as a result of an alleged sexual assault. The victim's academic and living situations (if in campus housing) will be changed upon request if reasonably available.

If you or someone you know is the victim of a sexual assault, report it immediately to the police. Except in cases involving domestic violence offenses, reporting the incident to the police does not mean that charges will be pressed, but it will be easier if you decide to do so later. There are on and off-campus resources to help you. Trained staff members assist victims in coping with the aftermath of assaults and in exploring available options confidentially. You are encouraged to tell someone and to seek help from the resources listed on the next page.

Prevention, intervention and education programs specifically addressing rape, acquaintance rape and other sexual offenses are regularly offered at the UWB/CCC campus.

If a sexual offense should occur, the victim should take the following actions:

- Go to a safe place.
- Call the Security and Campus Safety Department if the incident occurred on campus; call the local police if the incident occurred off campus. The Security and Campus Safety Department will notify the local police of the incident if the victim wishes for their assistance.
- The Security and Campus Safety Department or the police will contact counseling and victim's advocate services.
- Contact a friend or family member.
- Do not shower, bathe, or douche.
- Do not urinate, if possible.
- Do not eat, drink liquids, smoke or brush teeth if oral contact took place.
- Keep the clothes worn during the offense. If clothes are changed, place clothes in paper bag (evidence deteriorates in plastic).
- Get prompt medical attention.
- Do not destroy the physical evidence that may be found in the area of the crime. If the crime occurred in the victim's home, the victim should not clean or straighten until the police have had an opportunity to collect evidence.
- Tell someone all details remembered about the assault.
- Write down all details remembered as soon as possible.

Following an incident, victims are encouraged to make a report to campus or local police. This action does not obligate prosecution, but it does make legal action possible if the decision to prosecute is made at a later date. The earlier an incident is reported, the easier it is to collect valuable evidence.

*Victims have the option of keeping their report of sexual assault in complete confidence, protecting their right to anonymity, when making a report through the campus Security and Campus Safety Department.*

## Date Rape Drugs

Date rape drugs can be placed in any drink, not just alcohol. Effects may range from a feeling of well being and short term memory loss to an apparent aphrodisiac and intoxication effect. Serious adverse effects can occur such as seizures, insomnia, anxiety, nausea, dizziness, hallucinations, coma, even death.

Some common side effects of these drugs include a drunken appearance, drowsiness, light-headedness, staggering, confusion, muscle relaxation and amnesia that lasts up to 24 hours.

If one suspects that they or someone they know has been drugged and/or assaulted, first go to a safe place, call the Security and Campus Safety Department or local police if off campus, and seek immediate medical treatment of any injuries, plus urine, blood, pregnancy, and sexually transmitted disease (STD) testing.
